Parents and Students,

I hope that everyone had a wonderful Holiday Break! I know the students are rested and ready for the new semester. It will be busy and exciting! The students are working diligently each day to be prepared for the upcoming state assessment. Please continue to ensure that if your child is struggling or in need of assistance, that you are in communication with their teachers or their administrator. We will work hard and do our Personal Best because we are Beverly Hills!!

Mrs. Stacey Barber, Principal

### 8th Grade Dobie Week

#### Tablets:

- Please make sure that your tablet comes to school every single day.
- When teachers plan a lesson and students do not have their supplies, it makes it difficult to prepare.
- Please remember that you cannot download items onto your tablet that are not for educational purposes.
- All tablets must be in the case that has been provided by the district. If your tablet screen is damaged, you will be responsible if it is not in the district provided case.

#### 4th Six-Week Incentive:

- For the 4th six-weeks, the students will have the opportunity to participate in a Glow Stick Dance. The dance will be during the school day and glow sticks will be provided.
- This dance is an incentive, so for students to be able to participate they can not receive ISC, Guidance Center, Suspension during the 4th six-weeks. The student must also pass all classes.
- The dance will be held on February 23rd. More information to come!

- On January 22nd and 23rd, the Dobie counselors will speak to the 8th grade students about class choices for 9th grade. During lunch on the 24th, Dobie will feature all of their electives in the commons during lunch. Please make sure that your child is present this week.
- Dobie will have a Parent Night to answer all questions on Wednesday, January 24th beginning at 6:30 pm in the Dobie Cafeteria.
- The students will have a Dobie style lunch on Friday, January 19th and a pep rally. This will be a fun and exciting day for the students.

#### Student Data Reflections:

- Each CBA, the students will track their data and make goals for themselves. The goals are meant to allow the students to visualize making gains and progressing towards mastery of their grade level.
- After creating a goal and reflecting on their data, students are able to work with their teachers individually or in a small group to meet their goal.
- Thank you in advance for monitoring this to ensure that your child is successful at Beverly Hills.
